NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

American Manufacturers Mutual Insurance Company (the "Company") is a mutual property and casualty insurance company domiciled in the State of Illinois. Under common management with Lumbermens Mutual Casualty Company ("LMC"), the Company cedes 100% of its premiums, losses, and underwriting expenses to LMC. (See Notes 10, 23, and 26.) LMC is the lead company of a group of insurers (including the Company) and affiliates, now in run-off status, which has operated under the trade name of the Kemper Insurance Companies.

Under administrative supervision by the Illinois Department of Financial and Professional Regulation – Division of Insurance (the "Division of Insurance"), the Company is, and the Kemper Insurance Companies are, operating under a run-off plan filed with the Division of Insurance in 2004. The Company is subject to confidential corrective orders ("Corrective Orders") issued by the Division of Insurance since early 2003 (see Note 14) when the Company went into run-off status.

A. Accounting Practices

The accompanying statutory financial statements of the Company have been prepared in conformity with the National Association of Insurance Commissioners (the "NAIC") *Accounting Practices and Procedures Manual* (the "Manual") and with prescribed accounting practices (including accounting allowances under Corrective Orders) or permitted accounting practices by the Division of Insurance.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

The Company's significant accounting policies are as follows:

Bonds, cash equivalents, and short-term investments are valued at amortized cost.

The amortized cost of bonds is adjusted for amortization of premiums and accretion of discounts using a level effective yield method to maturity, or in the case of loan-backed securities, over the estimated life of the security. Such amortization is included in investment income. Amortization of the discount or premium from loan-backed securities is recognized based on the estimated timing and amount of prepayments of the underlying assets and is adjusted to reflect differences which arise between the prepayments originally anticipated and the actual prepayments received and currently anticipated. To the extent the estimated lives of such securities change as a result of changes in prepayment rates, the adjustment is also included in investment income.

Unaffiliated common stocks are carried at fair value.

Realized gains or losses, including on the sale of investments, the recognition of other-than-temporary declines in value, or in situations where the Company has made a decision to sell a security at an amount below the security's carrying value, are determined on the basis of specific identification of the acquisition lots of the respective investment sold or written down and are reflected as a component of income. Unrealized gains or losses on revaluation of investments are credited or charged directly to surplus.

The Company does not accrue interest income on fixed maturities deemed to be impaired on an other-than-temporary basis when it determines that the likelihood of collection of interest is doubtful.

Premiums are earned on a daily pro rata basis over the term of the policies and are net of reinsurance placed with reinsurers. Unearned premiums are stated after deduction for related reinsurance amounts. Policy acquisition costs such as commissions, premium taxes, and other underwriting and agency expenses are charged to income as incurred.

Assets included in the statutory statements of admitted assets, liabilities, and surplus are at admitted asset value. Nonadmitted assets, consisting of net deferred tax assets and prepaid expenses, are excluded through a charge against surplus.

2. ACCOUNTING CHANGES AND CORRECTION OF ERRORS

Accounting Changes

None.

NOTES TO FINANCIAL STATEMENTS

Correction of Errors

During 2005, the Company determined that in 2004, \$262 thousand of certain of its expenses had been incorrectly incurred and paid by LMC. Such expenses were recorded in 2005 as a correction of an error with a direct reduction of surplus.

3. BUSINESS COMBINATIONS AND GOODWILL

None.

4. DISCONTINUED OPERATIONS

None.

5. INVESTMENTS

Prepayment assumptions used for loan-backed securities were obtained from an external securities information service and are consistent with the current interest rate and economic environment.

The fair values of the Company's cash equivalents, short-term investments, bonds, and unaffiliated common stock have been determined using prices provided by the Securities Valuation Office of the NAIC (the "SVO"), or when such values are not available from the SVO, using prices from independent pricing services that use market quotations, prices provided by brokers or estimates of fair values obtained from yield data relating to instruments or securities with similar characteristics or prices determined in good faith by the Company's engaged portfolio manager.

All of the Company's loan-backed securities were acquired after January 1, 1994.

6. JOINT VENTURES, PARTNERSHIPS AND LIMITED LIABILITY COMPANIES

None.

7. INVESTMENT INCOME

The Company's accrued investment income is all less than 90 days past due and accordingly is treated as an admitted asset at December 31, 2006.

There are no income taxes incurred in the current year and prior year that will be available for recoupment in the event of future net losses.

The Company's Federal income tax return is not consolidated with any other entity's tax return.

10. INFORMATION CONCERNING PARENT, SUBSIDIARIES, AND AFFILIATES

The Company is one of the Kemper Insurance Companies. As a mutual insurance company, the Company has no stockholders and no parent company. The Company and affiliates are disclosed in the organizational chart of Schedule Y. The Company has no investments in affiliates or subsidiaries. Affiliate reinsurance relationships are disclosed in Schedule F and Note 23. Certain contingencies are set forth in Note 14.

NOTES TO FINANCIAL STATEMENTS

The Company's relationship with LMC, an associated mutual insurance company that shares with the Company common management and directors, is further described in Note 26.

The Company's reinsurance recoverables from LMC, all unsecured, totaled approximately \$315 million at December 31, 2006 and \$435.0 million at December 31, 2005. Under the intercompany pooling agreement described in Note 26 pursuant to which the Company cedes 100% of its premiums, losses, and underwriting expenses to LMC, LMC provides virtually all facilities and administrative services to Company. (See also Note 12.)

The Company has no guarantees of undertakings for the benefit of an affiliate that would result in a material contingent exposure, other than cessions to LMC.

LMC and its affiliates, including the Company, jointly participate in a corporate insurance program, including D&O coverage. An LMC subsidiary, Specialty Surplus Insurance Company, entered into a reinsurance agreement, effective January 1, 2005 for a three-year period ending December 31, 2007, facultatively reinsuring a corresponding three-year management liability policy issued by an unaffiliated third party to LMC and the Company.

In various other notes to the financial statements, transactions with affiliates and related parties are also discussed. At December 31, 2006, the Company has an obligation to LMC of \$74 thousand, while at December 31, 2005, the Company had an obligation to LMC of \$623 thousand, for services and payments made on behalf of the Company. Intercompany balances are settled on a quarterly basis, to the extent that the Company has sufficient unencumbered assets to make any payment.

11. DEBT

None.

12. RETIREMENT PLANS, DEFERRED COMPENSATION, POST EMPLOYMENT BENEFITS AND COMPENSATED ABSENCES AND OTHER POSTRETIREMENT BENEFIT PLANS

The Company utilizes the employees of LMC. LMC incurs and pays all costs for employees, including retirement and other benefit plans, under the terms of the intercompany pooling agreement described in Notes 10 and 26.

13. CAPITAL AND SURPLUS, DIVIDEND RESTRICTIONS AND QUASI-REORGANIZATIONS

At December 31, 2006, unassigned surplus was reduced by nonadmitted asset values related to net deferred taxes and prepaid expenses of \$88,817,121.

14. CONTINGENCIES

A. Contingent Commitments

Securities on Deposit/Encumbered Assets

Of the Company's \$10.4 million of cash and invested assets at December 31, 2006, approximately \$4.4 million are encumbered. The Company's encumbered assets are on deposit with states, deposits historically required for the Company to meet minimum licensing or capital levels as required by applicable state law.

B. Guaranty Fund and Other Assessments

The Company is liable for guaranty fund assessments related to certain unaffiliated companies that have become insolvent during the years 2006 and prior. The Company is also contingently liable for any future guaranty fund assessments related to insolvencies of unaffiliated insurance companies for which the insurance industry has been unable to estimate the cost to cover losses to policyholders. The Company cedes its entire liability for guaranty fund and other assessments to LMC.

C. Gain Contingencies

None.

D. All Other Contingencies

Ratings

In early 2005, at the request of LMC, A.M. Best ceased rating the Kemper Insurance Companies, including the Company. As of December 31, 2004, A.M. Best had assigned the Company a D (poor) rating. In June and July 2003, respectively, Moody's Investor Services and Standard & Poors last downgraded the Company's financial strength ratings to Caa3 (very poor) and CCC (very weak), respectively, when, also at LMC's request, they ceased rating the Kemper Insurance Companies.

The downgrades to below A- beginning in late 2002 effectively ended the Company's and its affiliates' ability to write most new commercial lines business or retain existing policyholders. (The

NOTES TO FINANCIAL STATEMENTS

Company had exited the personal lines business in mid-2002.) By mid-2003, therefore, as a result of a combination of various business factors including the ratings downgrades and the Kemper Insurance Companies' deteriorating statutory surplus, and in compliance with Corrective Orders issued by the Division of Insurance to the Illinois-domiciled Kemper Insurance Companies, the Company substantially ceased underwriting activities other than as required by contract or law.

Risk-Based Capital and Risk of Insolvency

The NAIC utilizes a risk-based capital ("RBC") formula intended for regulatory monitoring of property-casualty insurers. Under RBC rules in Illinois, state regulators may mandate remedial action for inadequately capitalized companies. The focus of the capital rules is a risk-based formula that applies prescribed factors to various risk elements in an insurer's business and investments to develop a minimum capital requirement designed to be proportional to the amount of risk assumed by the insurer. For the last three years (excluding for 2006 the benefits from prescribed accounting practices), LMC's level of capital and surplus has been at the "mandatory control level" under the RBC rules. At this level, the Division of Insurance has substantial authority to exercise control over LMC and its affiliates. The Division of Insurance is mandated to place a company at this level under its control, except where, as is the case with LMC, such company is a property and casualty insurance company that is no longer writing new business and is running off its existing business, in which case the Director of the Division of Insurance has discretion to allow the continued run-off.

Having entered into voluntary run-off in the first half of 2003, the Kemper Insurance Companies have been operating under guidance provided within certain agreed to Corrective Orders with the Division of Insurance, pursuant to which the Kemper Insurance Companies have ceased to write virtually all insurance business and are settling their liabilities under the administrative supervision of the Division of Insurance. As required by the Division of Insurance, the Company is operating under a confidential RBC plan (the "run-off plan") filed by LMC and the other Illinois-domiciled Kemper Insurance Companies. The run-off plan is designed to help the Kemper Insurance Companies meet their goal of resolving, to the maximum extent possible, all valid policyholder claims. The Kemper Insurance Companies update the run-off plan based on current information from time to time. Details of the plan are confidential pursuant to the state's RBC statute.

Risks and uncertainties involved in implementing the run-off plan include the needs to achieve significant policy buybacks and novations (the volume of which has declined in each of the last two years as overall liabilities also declined); to conclude other surplus-enhancing transactions; to commute certain reinsurance agreements; to conclude other liquidity-enhancing transactions; to hire and retain the staff and resources necessary to implement the plan; to further reduce expenses; and to consummate agreements with regulators and other third parties. Achieving the surplus and liquidity projections in the run-off plan requires the consummation of agreements with insureds for policy buybacks and novations; the timely performance of payment and other contractual obligations owed to the Kemper Insurance Companies by various third parties, including reinsurers as well as insureds and agents; agreements with regulators in various jurisdictions; and the absence of significant additional disputes not only with reinsurers but also with creditors, including insureds and certain states, which could involve judicial or other actions to seek either to force the Kemper Insurance Companies to collateralize its unsecured obligations or to not timely release collateral back to the Kemper Insurance Companies. Therefore, no assurance can be given that the run-off plan will continue to be successfully implemented.

The Division of Insurance continues to closely monitor the Kemper Insurance Companies' progress in achieving the objectives of the run-off plan. As has been the case for almost four years, the Division of Insurance retains the discretion at any time to seek to place the Kemper Insurance Companies in a formal insolvency proceeding (conservatorship or receivership, rehabilitation or liquidation). The risk of a proceeding would be exacerbated if the Kemper Insurance Companies fail to have sufficient liquid assets to meet current obligations, or if the Kemper Insurance Companies' reported liabilities at any time exceed reported assets, or if the Kemper Insurance Companies fail to meet the surplus and liquidity projections set forth in the plan.

The Company has also entered into consent agreements with certain other states under which the Company agreed to cease writing business in those jurisdictions. In addition, the Company agreed to its license being suspended in Florida in 2004 and Tennessee in 2005, with the Company permitted to maintain its licenses but not permitted to write any new business. The Company has appealed its 2006 license suspension in the state of North Carolina as not being in the best interests of the Company's policyholders or claimants.

NOTES TO FINANCIAL STATEMENTS

The Company's RBC ratio, unlike LMC's, exceeds any regulatory action levels. Because of the Company's heavy reliance on reinsurance recoveries and operations support from LMC, however, the regulatory and financial status of LMC has had and will continue to have a significant impact on the Company's liquidity and operations.

Although the Company's positive operating cash flow (along with the portion of the investment portfolio that is held in cash and highly liquid short-term securities) have historically met the liquidity requirements of the Company's operations, the Company is heavily dependent on its reinsurance with LMC to meet its current obligations and maintain its surplus. Other than reinsurance recoverables from business ceded to LMC, the Company's cash inflow consists primarily of income from investments and sales and maturities of investments. Thus, it is critical for the Company to be able to collect its reinsurance recoverables from LMC. However, Corrective Orders prohibit the transfer of assets from, or liabilities to, any affiliated parties without the prior written approval of the Director.

Other

Various lawsuits against the Company have arisen in the course of the Company's business. Contingent liabilities arising from litigation, income tax and other matters are not considered material in relation to established reserves, anticipated insurance and reinsurance recoverables, and the financial position of the Company.

20. SEPTEMBER 11 EVENTS

The Company's gross incurred loss and loss adjustment expense ("LAE") related to the September 11, 2001 terrorist attacks is estimated to be \$22,746,280 at December 31, 2006. LMC reinsures 100% of the Company's gross liabilities under a quota share pooling agreement (see Note 26), and therefore the net loss and LAE incurred by the Company are zero.

21. Other Items

None.

22. EVENTS SUBSEQUENT

At December 31, 2006 and 2005, the Company held in its name certain Texas guaranty fund premium tax credits that previously had been ceded to LMC under an intercompany reinsurance agreement. LMC and certain other affiliates also held other Texas premium tax credits. In the first quarter of 2007, the Company and those affiliates sold most of their credits to two insurance company subsidiaries of Unitrin, Inc. ("Unitrin"). As all the Company's sale proceeds were ceded to LMC, the sale to Unitrin had no impact on the Company's financial statements, neither surplus nor liquidity. Also in the first quarter of 2007, LMC separately sold to the Company \$28,408 of 2003 tax year Texas premium tax credits. The Company then promptly filed a refund request with the Texas Comptroller in order to utilize the purchased credits against the Company's 2003 premium tax liability. The purchase from LMC, therefore, also had no impact on the Company's surplus or liquidity. Both the Unitrin and the LMC transactions received regulatory approvals in both Texas and Illinois.

23. REINSURANCE

A. Unsecured Reinsurance Recoverables

The Company reinsures 100% of its premiums, losses, and underwriting expenses with LMC. All reinsurance recoverables from LMC are unsecured, and the Company remains primarily liable as the direct insurer on all risks reinsured by LMC if LMC is unable to pay such claims. (See Note 14.)

26. INTERCOMPANY POOLING ARRANGEMENTS

The Company is a member of the group of affiliated and associated companies that have operated under the trade name of the Kemper Insurance Companies. The significant majority of the business written by members of the Kemper Insurance Companies has historically been ceded to LMC through quota share reinsurance agreements with some LMC subsidiaries retaining a portion of the business written and through a pooling agreement by and among LMC, the Company, and a wholly owned subsidiary of LMC, American Motorists Insurance Company ("AMICO"). Prior to 2003, of the insurance business directly written by LMC or ceded to LMC, including all business written by the Company and AMICO, LMC ceded (net of third-party, unaffiliated, reinsurance and excluding Canadian business) 15% to AMICO and 8% to the Company. (Third-party reinsurance has generally attached after cession to LMC, although some specific risks have been subject to facultative or other reinsurance before cession to LMC.) Effective January 1, 2003, the pooling agreement was amended to eliminate LMC's 15% cession to AMICO, and effective December 31, 2003, the pooling agreement was amended to eliminate LMC's 8% cession to the Company. The effect of both amendments was for LMC to retain all previously ceded risks, and the amendments were accompanied by transfers of assets by each of the Company and AMICO in order to satisfy the liabilities transferred to LMC by the pooling agreement amendments. As a result, at December 31, 2006 and 2005, the net reserves of the Company and AMICO are zero.

At the same time as the December 31, 2003 pooling agreement amendment, LMC assumed most of the Company's liabilities, agreed to perform for the Company all insurance policy-related obligations including handling and paying claims, and issued an LMC policy to each holder of a policy ever issued by the Company, including any policy no longer in force but excluding any personal lines policy that is cut-through reinsured by the unaffiliated Trinity Universal Insurance Company, a subsidiary of Unitrin. The additional LMC policy is substantively identical to the policy previously issued by the Company, although the LMC policy is non-participating and non-voting with respect to LMC's corporate governance. The additional LMC policy assures affected policyholders of the Company that their claims will be treated equally with the claims of other policyholders not only in the event of a managed run-off of LMC and the Company (see Note 14) but also in the event of any insolvency proceedings with respect to the two companies. The Company remains liable for its policy liabilities in the event LMC does not comply with all the terms of the affected policies. The consideration paid by the Company to LMC at year-end 2003 in connection with LMC's issuance of policies to policyholders of the Company included an off-balance-sheet asset for certain potential tax refunds, and in 2006, LMC realized a benefit to its surplus and liquidity of \$18.7 million when such refunds were paid.

As further discussed in Note 26, the Company's participation in the pooling agreement has been changed from 8% to 0% effective December 31, 2003. Accordingly, the Company does not retain any net discounted loss or LAE reserves and cedes 100% of its premium, losses, and underwriting expenses to LMC.

NOTES TO FINANCIAL STATEMENTS

33. ASBESTOS/ENVIRONMENTAL RESERVES

The Company has gross exposure (zero net) to asbestos and environmental claims that arise principally from general liability insurance contracts.
